

A decorative border of playing cards surrounds the text. The top and bottom borders are identical, consisting of a repeating sequence of heart, club, diamond, and spade suits. The left and right borders are also identical, consisting of a repeating sequence of club, diamond, heart, and spade suits.

# Cabbage - Sam

## The Goal

To have the least amount of points at the end of the game.

## The Deal

All the cards are dealt out. Each player gets the same amount of cards. The leftovers are set aside in a blind.

*Note: If there are 8+ players, add a second deck. If the same card is played during a round, they cancel each other out and the next highest card gets the trick.*

## The Game

There are six rounds:

1. A trick is worth 10 points
2. A heart is worth 10 points
3. A queen is worth 25 points
4. The king of spades is worth 100 points
5. The last trick (or two tricks if playing with two decks) is worth 100 points
6. Every previous rule counts

The person to the left of the dealer leads. The person with the highest card in the leading suit takes the trick.

## Ending the Game

The game is over once the six rounds have been completed.
